

PREFORMED SAFETY PADS

SLIDE AND SWING

Slide Pads are specifically designed to meet the Australian/New Zealand Standard: AS/NZS 4422:1996. They are ideal for underneath swings/double swings and at the base of slides, where impact by children is most likely. These extremely easy to install safety and durable pads are made from 100 % recycled SBR rubber.

Slide Pad dimension: 1200mm x 900mm x 35mm

Swing Pads are specifically designed to meet the Australian/New Zealand Standard: AS/NZS 4422:1996. They are ideal for underneath swings/double swings and at the base of slides, where impact by children is most likely. These extremely easy to install safety and durable pads are made from 100 % recycled SBR rubber.

Swing Pad dimension: 1500mm x 1200mm x 50mm
