We offer **ACRYLIC** systems engineered to provide **slip resistance, durability,** and **wear resistance.** Designed for **indoor & outdoor** applications, these customizable systems are supported by **internationally recognized certifications**.

With a wide range of **standard, specialty & custom colours**, we can align your court surface with your vision. From **elite level** courts through to **public facilities** & **school infrastructure**, our team have the solution for your surfacing needs.

Crafted with premium materials, these acrylic systems deliver superior performance & environmental consideration. Designed to meet play standards of sports including tennis, pickleball, netball, basketball, badminton, futsal & volleyball, these systems can be configured for sport-specific speeds & competitive play.

With extensive experience in acrylic surfacing, our team delivers expert advice & tailored solutions to meet your project's needs. From the initial consultation to the precise installation & final handover, our skilled installers and project managers work collaboratively to deliver a seamless & professional result.

SPECIFIER'S NOTE: *To specify, include the following in documentation: "Surface system to be supplied and installed as per Manufacturer and Installer Specifications, including certified depth and FHOF (Free Height of Fall), where applicable." This ensures correct installation & compliance.*

Proudly Australian owned and operated, with warehouses in Adelaide & Brisbane, we are the specialists when it comes to synthetic surfaces in Australia.
